This space is ideal for IT companies, medical practices, salons, and various business offices. The apartment can be rented out for a period according to the agreement. It is possible to lease the apartment for housing (living) upon agreement. The apartment is completely new and comes equipped with a kitchen and bathroom. It spans 62 square meters and includes entrance hallway, a spacious living room with a kitchen, two separate rooms, storage space, a bathroom, a hallway, and a balcony. The apartment faces south, offering a beautiful view. A private garage parking spot is available. There is also the option to lease an additional enclosed garage parking space (which can also be used as a storage). High-power electrical connections can be installed near the garage parking spots (e.g., for fast charging of electric vehicles). High-speed optical internet connection is available. Gas underfloor heating is available in all rooms. Italian first-class ceramics are used in the rooms, kitchen and bathroom. The apartment features an 18.000 BTU air conditioner. Aluminum windows with thermal insulation, three-layered low emission glass, and four-season glass provide excellent insulation. Sliding door lead to the terrace. Aluminum blinds with automatic switches for lowering/raising. Security entrance door (thermal and sound insulation, anti-burglary protection, two locks). Sound isolation in the floor and neighboring walls. Bathroom - underfloor heating, low-noise pipes, built-in shower, cabinet with vessel sink, console toilet with slow-down seat and lid. Separate gas, electricity, and water connections are provided. A tablet IP video intercom system is installed. Speed elevator. Web presentation: <https://rebrand.ly/avenija-future-lux>
